Regulatory Information: Meets international security standards for airports, prisons, and special events and additional standards including ECAC and NIJ 0602.02. The Super Scanner® V meets U.S. and international regulatory requirements for electromagnetic safety. Extensive research has found no information that would indicate Garrett products have adverse effects on pregnancy, medical devices (such as pacemakers) or magnetic recording media. However, directives by physicians and medical device manufacturers regarding metal detectors should be followed.
