

ON-SITE SERVICE AFTER REMOTE DIAGNOSIS POLICY

1. Scope of Service

Remote Diagnosis Requirement:

Before dispatching an on-site technician, Velasea Technical Support will make reasonable efforts to diagnose and resolve the issue remotely.

This support may include, but is not limited to:

- ▼ Telephone assistance
- ▼ Email correspondence
- ▼ Remote desktop or screen-sharing sessions

2. Service Level Agreement (SLA)

On-site Response Time:

Once a hardware fault is confirmed through remote diagnosis...

- ▼ Velasea aims to provide Next Business Day on-site support
- ▼ Service timing is subject to parts availability
- ▼ If Next Business Day is not feasible, Velasea will make reasonable efforts to provide support as quickly as possible

3. Part Classification – Field vs. Non-Field Serviceable

Determination of Serviceability:

Velasea reserves the right to determine whether a failed component is

- ▼ Field-Serviceable – Eligible for on-site replacement
- ▼ Non-Field Serviceable – Not eligible for on-site replacement

4. Non-Field Serviceable Process

For parts or devices classified as non-field serviceable:

- ▼ Velasea will provide the customer with a pre-paid shipping label
- ▼ Upon completion of the repair, the device will be returned to the customer
